Sections Filed, November 9, 2005 to April 12, 2006 .	 496

The California Regulatory Notice Register is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the California Regulatory Notice Register shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the California Regulatory Notice Register be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002–931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Thomson West and is offered by subscription for \$202.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson West.

TITLE 4. STATE ATHLETIC COMMISSION

NOTICE IS HEREBY GIVEN that the State Athletic Commission (hereinafter "commission") is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the First Floor Conference Room, Junipera Serra State Office Building, 320 West Fourth Street, Los Angeles, California, at 9:30 a.m. on Wednesday, June 7, 2006. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the commission at its office not later than 5:00 p.m. on June 5, 2006 or must be received by the commission at the hearing. The commission, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

<u>Authority and Reference</u>: Pursuant to the authority vested by Section 18611 of the Business and Professions Code, and to implement, interpret or make specific Sections 18640, 18730, and 18733 of said Code, the commission is considering changes to Division 2 of Title 4 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Amend section 345.

Business and Professions Code section 18640 specifies that the commission has the sole direction, management, control of, and jurisdiction over all professional and amateur boxing, professional and amateur kickboxing, all forms and combinations of forms of full contact martial arts contests, including mixed martial arts, and matches or exhibitions conducted, held, or given within this state. No event shall take place without the prior approval of the commission. No person shall engage in the promotion of, or participate in, a boxing or martial arts contest, match, or exhibition without a license, and except in accordance with this chapter and the rules adopted hereunder.

Existing Rule 345 specifies when the referee has the power to stop a contest.

This proposal would clarify the duties of a referee and his/her considerations when a stoppage of a bout may be necessary. It also eliminates confusing language that may lead to an unsafe situation for a competitor.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Business Impact:

The commission has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

and

The following studies/relevant data were relied upon in making the above determination: None

Impact on Jobs/New Businesses:

The commission has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

<u>Cost Impact on Representative Private Person or</u> Business:

The commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The commission has determined that the proposed regulations would not adversely affect small businesses because the regulations pertain only to the powers of the referee to stop a contest. Purse amounts and other costs of putting on a show are not affected by this proposed change.

CONSIDERATION OF ALTERNATIVES

The commission must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments or ally or in writing relevant to the above determinations at the above—mentioned hearing.

INITIAL STATEMENT OF REASONS AND INFORMATION

The commission has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the State Athletic Commission at 1424 Howe Avenue, Suite 33, Sacramento, California 95825.

AVAILABILITY AND LOCATION OF THE FINAL STATEMENT OF REASONS AND RULEMAKING FILE

All the information upon which the proposed regulations are based is contained in the rulemaking file, which is available for public inspection, by contacting the person named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or by accessing the website listed below.

TITLE 4. STATE ATHLETIC COMMISSION

NOTICE IS HEREBY GIVEN that the State Athletic Commission (hereinafter "commission") is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the First Floor Conference Room, Junipera State Office Building, 320 West Fourth Street, Los Angeles, California, at 9:30 a.m. on June 7, 2006. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the commission at its office not later than 5:00 p.m. on June 5, 2006 or must be received by the commission at the hearing. The commission, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

<u>Authority and Reference:</u> Pursuant to the authority vested by Section 18611 of the Business and Professions Code, and to implement, interpret or make specific Sections 18640 and 18714 of said Code, the commission is considering changes to Division 2 of Title 4 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Amend section 309.

Business and Professions Code section 18640 specifies that the commission has the sole direction, management, control of, and jurisdiction over all professional and amateur boxing, professional and amateur kickboxing, all forms and combinations of forms of full contact martial arts contests, including mixed martial arts, and matches or exhibitions conducted, held, or given within this state. No event shall take place without the prior approval of the commission. No person shall engage in the promotion of, or participate in, a boxing or martial arts contest, match, or exhibition without a license, and except in accordance with this chapter and the rules adopted hereunder.

Existing Rule 309 specifies the length of time a boxer can compete between bouts.

This proposal would specify that a licensee who has competed anywhere in a bout any length shall not be allowed to compete in this State until seven days have elapsed after the bout.

FISCAL IMPACT ESTIMATES

<u>Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:</u> None

None None None None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Business Impact:

The commission has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

<u>and</u>

The following studies/relevant data were relied upon in making the above determination: None

Impact on Jobs/New Businesses:

The commission has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

<u>Cost Impact on Representative Private Person or Business:</u>

The commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The commission has determined that the proposed regulations would not adversely affect small businesses because the 7-day rule is the standard in the United States and boxers do not generally have bouts less than 7 days apart.

CONSIDERATION OF ALTERNATIVES

The commission must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

TITLE 9. CALIFORNIA DEPARTMENT OF MENTAL HEALTH

ACTION: NOTICE OF PROPOSED

RULEMAKING

SUBJECT: MENTAL HEALTH SERVICES ACT

PUBLIC PROCEEDINGS

Notice is hereby given that the California Department of Mental Health (DMH) proposes to adopt the regulatory action described below after considering all comments, objections, or recommendations regarding the proposed regulatory action.

WRITTEN COMMENT PERIOD

Any interested person, or their authorized representative, may submit comments relevant to the action described in this notice. Any written statements, arguments, or contentions must be received by the Office of Regulations, California Department of Mental Health, 1600 Ninth Street, Room 150, Sacramento, CA 95814, by 5:00 p.m. on **June 5, 2006**. It is requested but not required that written statements sent by mail or hand—delivered be submitted in triplicate.

Comments may be transmitted via facsimile 916–654–2440 or electronic mail DMH.Regulations@dmh.ca.gov and must be received before 5:00 p.m. on the last day of the public comment period. All comments, including electronic mail or facsimile transmissions, should include the author's name

and U.S. Postal Service mailing address in order for DMH to provide copies of any notices for proposed changes in the regulation text on which additional comments may be solicited.

PUBLIC HEARING

DMH will hold a public hearing commencing at 1:30 p.m. on **June 5, 2006**, in the Auditorium at 744 P Street, Room 102, Sacramento, CA. At the hearing, any person may present statements or arguments, orally or in writing, relevant to the proposed action described in the Informative Digest/Policy Statement Overview. DMH requests, but does not require, that persons who make oral comments at the hearing also submit a written copy of their testimony at the hearing.

Reasonable accommodation or sign language interpreting services at the public hearing will be provided upon request. Such request should be made no later than 21 days prior to the close of the written comment period.

WEB SITE

This public notice, the regulation text, the initial statement of reasons, and other related documents, are available from the DMH world-wide-web site http://www.dmh.ca.gov/Admin/regulations/MHSA-rulemaking.asp

CONTACT

Inquiries concerning the rulemaking process described in this notice may be directed to Steve Appel, Chief, Office of Regulations, by electronic mail <u>DMH.Regulations@dmh.ca.gov</u> or telephone 916–654–4027. The backup contact person is Nancy Christenson, Office of Legal Services at 916–654–2319. Inquiries concerning the substance of the rulemaking may be directed to Silvia Rodriguez at 916–651–9527.

Hearing impaired persons wishing to utilize the California Relay Service may do so at no cost. The telephone numbers for accessing this service are: 800–735–2929, if you have a TDD; or 800–735–2922, if you do not have a TDD.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

California voters approved Proposition 63 during the November 2004 General Election. Proposition 63, now known as the Mental Health Services Act (the Act), became effective on January 1, 2005. The Act is intended

to expand mental health services to children/youth, adults and older adults who have severe mental illnesses/severe mental disorders and whose service needs are not being met through other funding sources. The Act seeks to establish prevention and early intervention programs as well as to develop innovative programs. Through imposition of a 1% tax on personal income in excess of \$1 million, the Act provides the opportunity for the Department of Mental Health (DMH) to provide increased funding, personnel and other resources to support county mental health programs and monitor progress toward statewide goals for children/youth, adults, older adults and families.

The Act directs the county mental health programs to develop and submit a Three–Year Program and Expenditure Plan (Plan) to DMH. The Plan is comprised of five broad components of activities and/or services for which the funding established under the Act can be spent. The components are Community Services and Supports for children, transition–age youth, adults, and older adults; Capital Facilities and Technological Needs; Education and Training; Prevention and Early Intervention; and Innovative Programs.

The Act also requires DMH to establish requirements for each component of the Plan. However, clarification of criteria and expansion of program categories within the components are needed to ensure a standardized implementation of the Act by each of the 58 counties within California.

The standardization is being accomplished through the development of regulations whereby the criteria to access funding for each component is delineated. However, given the scale of each component, DMH will implement each component on a sequential basis and will promulgate regulations accordingly. To this end, DMH proposes that Title 9 of the California Code of Regulations (CCR), Chapter 14, be reserved for the mental health services and supports provisions as provided in the Act.

Title 9, of the CCR, Chapter 14, Articles 1 through 4, are the first of many proposed regulations delineating provisions under the Act. These articles were filed with the Office of Administrative Law (OAL) pursuant to Welfare and Institutions Code Section 5898 (added with passage of the Act), which deems these regulations necessary for the immediate preservation of the public peace, health and safety, or general welfare, and therefore, filed as emergency regulations and not subject to review and approval by OAL nor subject to automatic repeal until final regulations take effect.

The initial filing of the emergency regulations took place on December 30, 2005. An amendment of Section 3400 was filed on January 13, 2006.

As DMH implements each component of the Plan, it will file additional regulations with the OAL.

AUTHORITY

Section 5898, Welfare and Institutions Code.

REFERENCE

Sections 5813.5(b), 5840, *et seq.*, 5847(a)(1) through (6) and (d), 5848(a), 5878.3(a), 5891, 5892, 5897, and 5898, Welfare and Institutions Code.

MATERIALS RELIED UPON IN PROMULGATING THIS RULEMAKING

- A. Mental Health Services Act
- B. Department of Mental Health Letter Number 05–08: Fiscal Year 2004–05 Funding Required To Be Used for Mental Health Services under the Mental Health Services Act.

FISCAL IMPACT ESTIMATE

- A. Fiscal Effect on Local Government: Additional expenditures of approximately \$356,870,000 (amount budgeted as estimated to be expended in Fiscal Year 2005–06 for Community Services and Supports) in the current State Fiscal Year which are not reimbursable by the State pursuant to Section 6 of Article XIII B of the California Constitution and Sections 17500 et seq. of the Government Code because this regulation implements a mandate of the people of this State expressed in their approval of Proposition No. 63 at the November 2004 election. It will be financed from the Mental Health Services Fund authorized by Sections 17043 and 19602.5 of the Revenue and Taxation Code.
- **B.** Fiscal Effect on State Government: Expenditures authorized in the 2005 Budget Act in the MHS Fund.
- C. Fiscal Effect on Federal Funding of State Programs: None.
- **D.** Fiscal Effect on Private Persons or Businesses Directly Affected: None. Impacts local county government when applying for funds associated with the Mental Health Services Act (MHSA).

DETERMINATIONS

DMH has determined that the proposed regulatory action imposes mandates on county government when County Mental Health Programs apply for funds pursuant to these regulations. However, funds are available through the Mental Health Services Fund created by the

Mental Health Services Act and codified in Welfare and Institutions Code, Section 5890 to finance the mandates as required by Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

DMH has determined that the regulations would not have a significant, statewide economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

DMH has determined that the regulations would not significantly affect the following:

- 1. The creation or elimination of jobs within the State of California.
- 2. The creation of new businesses or the elimination of existing businesses within the State of California.
- 3. The expansion of businesses currently doing business within the State of California.
- DMH has determined that these regulations would not affect small businesses because they only impact local county government when applying for funds associated with the Mental Health Services Act.

AVAILABILITY OF STATEMENT OF REASONS AND REGULATION TEXT

DMH prepared and has available for public review an initial statement of reasons for the regulations, all the information upon which the regulations are based, and the text of the regulations. These documents are posted on the DMH web site. A copy of the initial statement of reasons and the text of the regulations are available upon request to the Office of Regulations at the address noted above. This address will be the location of public records, including reports, documentation, and other material related to the regulations. In addition, a copy of the final statement of reasons (when prepared) will be available upon request from the Office of Regulations or from the DMH web site.

AVAILABILITY OF THE CHANGED OR MODIFIED REGULATION TEXT

After considering all timely and relevant comments received, DMH may adopt the regulations substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the modified text, with changes clearly indicated, shall be made available to the public for at least 15 days prior to the date on which DMH adopts the regulations. Any modifications will also be posted on the DMH web site. Requests for copies of any modified regulations

should be directed to Steve Appel, Office of Regulations, at the address indicated above.

ADDITIONAL STATEMENTS AND COMMENTS

In accordance with Government Code Section 11346.2(b)(3)(A), DMH must determine that no reasonable alternative considered by the DMH, or that has been otherwise identified and brought to the attention of DMH, would be more effective in carrying out the purpose for which the regulations are proposed or would be as effective and less burdensome to affected private persons than the proposed regulations.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations during the written comment period.

TITLE 25. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

NOTICE OF PROPOSED RULEMAKING FOR THE ADOPTION OF HOUSING ELEMENT ANNUAL PROGRESS REPORT REGULATIONS

Notice is hereby given that the Department of Housing and Community Development (Department) proposes to adopt regulations governing the State Housing Element Annual Progress Report. These regulations implement and interpret subdivision (b) of Government Code Section 65400 which establishes the requirement that each city, county or city and county planning agency prepare an annual report on the status of the housing element of its general plan and progress in its implementation using forms and definitions adopted by the Department.

COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit comments relevant to the proposed regulatory action to the Department. The comment period begins on April 21, 2006 and closes on June 5, 2006 at 5:00 p.m. The Department will consider comments received during this timeframe. The regulations are available at www.hcd.ca.gov. Please address your comments to Richard Loa, Division of Housing Policy Development, 1800 3rd Street, Suite 430, Sacramento, CA, 95814 or provide them via fax to (916) 327–2643 or e-mail at rloa@hcd.ca.gov.

Any person may present statements or arguments orally or in writing relevant to the proposed action described in the Informative Digest below. The Department requests, but does not require, that person(s) who make oral comments at the hearing also submit a written copy of their testimonies at the hearings.

AUTHORITY AND REFERENCE

The Department is conducting this rulemaking activity under the authority provided by Government Code Sections 65400 and Health & Safety Code Section 50439. They implement and make specific subdivision (b)(2) of Government Code Section 65400.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The purpose of these proposed regulations is to comply with the statutory mandate of subdivision (b) of Government Code Section 65400 to provide forms and definitions to be used by local governments in the preparation of Annual Progress Reports detailing implementation progress of their housing element. In addi-

tion, the proposed regulations provide direction on the contents of the report, consistency and clarity on reporting requirements.

Section 6200. Purpose and Scope. This section provides the authority, purpose of the regulation and the general activities which they regulate.

Section 6201. General. This section establishes the beginning and ending date of the reporting period and identifies three approaches an agency can take to utilize the proposed annual form. In addition, only those activities conducted within the jurisdictional boundaries of the reporting locality will be included in the annual report form.

Section 6202. Annual Report Content. The purpose of this section is to implement and interpret reporting requirements. Each year the local government agency will provide an annual report to the localities legislative body, the Governor's Office of Planning and Research and this Department.

Section 6203. Definitions. This section provides the definitions of key terms used throughout the body of the regulations.

IMPACT OF PROPOSED REGULATIONS

The purpose of the Housing Element Annual Progress Report is for local government agencies to report implementation progress of the housing element of their general plan as required by Government Code Section 65400.

EFFECT ON SMALL BUSINESS

The proposed regulations do not affect small businesses, because they do not mandate or require small businesses to take any prescribed action, and have no financial impact on small businesses.

LOCAL MANDATE

The proposed regulatory activity will not impose a mandate on local agencies or school districts.

FISCAL IMPACT

This regulatory activity does not impose any cost on any local government agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of the Government Code; neither does the regulatory activity result in any other nondiscretionary cost or savings imposed on local government agencies, or any State agency. There are no costs or savings in Federal funding to the state.

EFFECT ON HOUSING COSTS

The focus of the Housing Element Annual Progress Report regulation is to provide direction on the contents of the report, consistency and clarity on reporting requirements. There will not be any impact on housing costs.

INITIAL DETERMINATION OF STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESSES

The Department has made an initial determination that the proposed action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

ASSESSMENT STATEMENT

The Department has determined that the regulations will not significantly affect the creation or elimination of jobs in California; the creation of new businesses or the elimination of existing businesses within California; or the expansion of businesses currently operating in California.

STATEMENT OF POTENTIAL COSTS IMPACT ON PRIVATE PERSONS AND BUSINESS DIRECTLY AFFECTED

The Department is not aware of any cost impacts that a representative, private person or business would necessarily incur in reasonable compliance with the proposed action.

CONSIDERATION OF ALTERNATIVES

The Department determined that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective, and less burdensome to affected private persons than the proposed action.

AVAILABILITY OF TEXT OF PROPOSED REGULATIONS AND STATEMENT OF REASONS

The text of the proposed regulations is available upon request, along with the Initial Statement of Reasons, prepared by the Department. All information the Department is considering as a basis for this proposal is maintained in a rulemaking file, which is available for inspection at the address noted below. Copies can be obtained by contacting Richard Loa at the address and telephone number indicated (see next page). The regulations are also available on the Department's web site at www.hcd.ca.gov.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

Following the comment period, the Department may adopt the proposed regulations substantially as described in this notice. If the Department makes modifications, which are related to the originally proposed text, it will make the modified text, with changes clearly indicated, available to the public for at least 15 days prior to adoption of the revised regulations. Please send requests for copies of any modified regulations to Richard Loa at the address indicated (see next page). The Department will accept comments for 15 days after the release date of the modified regulations.

AVAILABILTY OF RULEMAKING DOCUMENTS

All of the information upon which the proposed regulations are based is contained in the rulemaking file, which is available for public review, by contacting the person named on the next page.

AVAILABILITY OF FINAL STATEMENT OF REASONS

At the conclusion of this rulemaking, a Final Statement of Reasons will be prepared as required by Government Code section 11346.9. This document will be available from the contact person(s) named on the next page.

CONTACT INFORMATION

The Department invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the comment period. Direct inquiries concerning the substance of the proposed rulemaking action and any requests for the documents should be made to:

BY NOTICE dated February 21, 2006, and published in the March 3, 2006, California Notice Register, Register 2006, No. 9–Z, the Air Resources Board (the Board or ARB) announced it would conduct a public hearing to consider the adoption of new emission standards and test procedures for forklifts and other industrial equipment with 2007 and later model—year off—road large spark—ignition (LSI) engines, requirements for fleet users of such equipment, and verification procedures for retrofit control systems. The hearing was scheduled for April 20, 2006, at 9:00 a.m., at the Long Beach Convention & Entertainment Center, 300 E. Ocean Boulevard, Long Beach, CA 90802.

PLEASE BE ADVISED that the hearing has been postponed to the following date, time and place:

DATE: **May 25, 2006**

TIME: 9:00 a.m.

PLACE: California Environmental Protection

Agency

Byron Sher Auditorium, Second Floor

1001 I Street

Sacramento, CA 95814

This item will be considered at a two-day meeting of the Board, which will commence at 9:00 a.m., May 25, 2006, and may continue at 8:30 a.m., May 26, 2006. This item may not be considered until May 26, 2006. Please consult the agenda for the meeting, which will be available at least 10 days before May 25, 2006, to determine the day on which this item will be considered.

For individuals with sensory disabilities, this document is available in Braille, large print, audiocassette, or computer disk. DEPARTMENT OF FISH AND GAME

Consistency and Inconsistency Determination Fish and Game Code Section 2080.1 California Endangered Species Act (CESA) No. 2080–2006–006–04

Project: Kern County Waste Facilities Habitat

Conservation Plan **Location:** Kern County

Notifier: Daphne B. Harley, Director of Kern County

Waste Management Department

BACKGROUND

The Kern County Waste Management Department (KCWMD) is responsible for 14 sanitary landfills in Kern County, which are located outside of the area covered by the Metropolitan Bakersfield Habitat Conservation Plan and related State Incidental Take Permit. These landfills are located in the San Joaquin Valley and surrounding foothills, as well as the eastern portion of Kern County located in the Mojave Desert. These 14 landfills cover 2063.4 acres, and listed species or suitable habitat is present at six of the 14 facilities.

Because of the Project's potential to take species protected by the Federal Endangered Species Act (ESA), on October 24, 1997, the U.S. Fish and Wildlife Service (USFWS) approved KCWMD's Habitat Conservation

Plan (HCP) and issued Incidental Take Permit No. PRT–830963 for the project. This HCP describes project activities and sets forth measures to mitigate incidental take of listed species that could occur at the 14 sanitary landfills. The Department of Fish and Game (DFG) was involved in the development of this HCP, including the minimization and mitigation measures in the HCP.

Covered species in the HCP included Hoover's eriastrum (Eriastrum hooveri), blunt-nosed leopard lizard (Gambelia sila), Tipton kangaroo rat (Dipodomys nitratoides nifratoides), San Joaquin kit fox (Vulpes macrotis mutica), San Joaquin antelope squirrel (Ammospermophilus nelsoni), giant kangaroo rat (D. ingens), and desert tortoise (Gopherus agassizii). San Joaquin kit fox, San Joaquin antelope squirrel, and desert tortoise are listed as threatened species under the California Endangered Species Act (CESA), Fish and Game Code (FGC) Section 2050 et seq., and Tipton kangaroo rat, giant kangaroo rat, blunt-nosed leopard lizard, are listed as endangered species under CESA. Blunt-nosed leopard lizard is also a State fully protected reptile under FGC Section 5050. Hoover's eriastrum is not listed under CESA, and was removed from the ESA lists of endangered and threatened species in 2003.

On February 27, 2006, the Director of DFG received a request from Daphne Harley, the Director of KCWMD, that DFG find the 1997 HCP and Incidental Take Statement consistent with CESA pursuant to FGC Section 2080.1.

The HCP describes activities at all 14 sanitary landfills, eight of which are not known to contain state or federally listed species. Three of these landfills are inactive, but have active transfer stations. The HCP lists 6 facilities that will affect covered species and their habitats, including: 1) Arvin (85 acres, Tipton kangaroo rat); 2) Metropolitan [Bena] Bakersfield (900 acres, San Joaquin kit fox); 3) Buttonwillow (3.7 acres, San Joaquin kit fox); 4) Lost Hills (2 acres, San Joaquin kit fox and blunt–nosed leopard lizard); 5) Shafter/Wasco (114) acres, Tipton kangaroo rat and San Joaquin kit fox); and 6) Taft (47 acres, San Joaquin kit fox, blunt-nosed leopard lizard, giant kangaroo rat, and San Joaquin antelope squirrel). At all 14 landfills, routine operations include all or some of the following activities: waste acceptance and management; facility maintenance; transfer station operation; and eventual facility closure. In addition to routine activities, the HCP covers the impacts from an adjacent borrow pit and drainage facilities at Arvin (80 acres), a permanent transfer station adjacent to the Lebec landfill (17 acres), and a permanent transfer station adjacent to the Kern Valley Transfer Station (10 acres). The term of the HCP is 50 years.

To compensate for the loss of 251 acres of covered species habitat at the Arvin, Buttonwillow, Lost Hills, Shafter/Wasco, and Taft sanitary landfills, KCWMD provided for the permanent protection and management of 755 acres of habitat at the DFG-managed Coles Levee Ecosystem Preserve. Endowment fees were set by DFG and were built into the cost of purchasing credits from Coles Levee. At the Bakersfield [Bena] Metropolitan landfill, landfill operations are being developed in phases of approximately 100 acres; each phase is restored to kit fox habitat upon closure. In addition, the 963 acre buffer around the Bakersfield Metropolitan landfill is being maintained as open grazing land throughout the permit term, and is being managed as kit fox habitat.

DETERMINATION

Based on the terms and conditions of the federal take permit, which include the requirement to fully implement the HCP, DFG has determined that Incidental Take Permit No. PRT-830963 is consistent with CESA as to San Joaquin kit fox, Tipton kangaroo rat, giant kangaroo rat, and desert tortoise, because the Project as mitigated meets the conditions set forth in FGC Section 2081(b) and (c) for authorization of incidental take of these species protected under CESA. DFG has determined that the Incidental Take Permit is inconsistent with CESA as to blunt-nosed leopard lizard because it anticipates and authorizes the incidental take of the species during Project activities, while FGC section 5050 prohibits DFG from authorizing take of blunt-nosed leopard lizard under CESA. Further, DFG cannot make a consistency determination as to the San Joaquin antelope squirrel because this species is not currently listed under ESA and is therefore ineligible for the process described in FGC Section 2080.1. KCWMD will need to obtain a separate incidental take permit for take of San Joaquin antelope squirrel pursuant to FGC Section 2081(b) in order to be authorized under California law to take this species.

Important to DFG's determination as to San Joaquin kit fox, Tipton kangaroo rat, giant kangaroo rat, and desert tortoise are several measures from the HCP that address impacts to these species. These measures include, but are not limited to, the following:

- 1. To mitigate for permanent impacts to 251 acres of covered species habitat, a total of 755 acres was permanently protected and funding was provided for habitat management in perpetuity.
- 2. To mitigate for temporary impacts to kit fox habitat at the Bakersfield [Bena] Metropolitan landfill, landfill operations are being developed in phases of approximately 100 acres; each phase is restored to kit fox habitat upon closure. In addition, the 963–acre buffer around the landfill is being maintained as open grazing land throughout the permit term, and is being managed as kit fox habitat.
- 3. KCWMD will notify the USFWS Sacramento Field Office and DFG in writing within 3 working days of the accidental death or injury to one of the covered species during project related activities.
- 4. A worker education program will be conducted for all landfill contractors and County personnel involved at waste disposal sites. The education program will at a minimum include identification of listed species and their habitats, HCP minimization measures and stipulations, reporting requirements, and penalties for failure of compliance.
- 5. Prior to any encroachment of active landfill operations into areas that have not yet been disturbed, a pre–activity survey will be conducted. Surveys will follow standard methods and will be conducted between 15 and 30 days prior to site disturbance. This allows time for capture, holding, release, or salvage of any threatened or endangered species.
- 6. San Joaquin kit fox dens will be protected to the maximum extent practicable. Occupied natal dens will not be destroyed until the pups and adults have vacated. Known dens will be monitored for a minimum of 3 days with tracking medium and infrared cameras to determine current use. If the den is not active, the den will be destroyed immediately. If the den is active after 5 or more days of monitoring, the den may have to be excavated when, in the judgment of a qualified biologist, the den is temporarily vacant.
- 7. Throughout the term of the HCP, KCWMD will submit an annual report to USFWS and DFG, which will be submitted no later than February 28 of each calendar year.

Pursuant to Section 2080.1 of the Fish and Game Code, with this Consistency Determination, no further authorization under CESA is required for incidental take of San Joaquin kit fox, Tipton kangaroo rat, giant kangaroo rat, or desert tortoise resulting from this Proj-

ect, provided KCWMD implements the Project as described in the 1997 permit and HCP. If there are any substantive changes to the Project, including changes to the mitigation measures, or if the USFWS amends or replaces the permit or HCP, KCWMD must obtain a new Consistency Determination or a CESA Incidental Take Permit from DFG.

FGC Section 5050 requires KCWMD to avoid the take of blunt–nosed leopard lizard during Project activities. DFG is available to consult with KCWMD regarding take avoidance measures if KCWMD believes such consultations would assist in avoiding take. The State–listed threatened San Joaquin antelope squirrel cannot be included in this Consistency Determination because it is not listed under ESA, as required for use of the process in FGC Section 2080.1.

DFG requests that KCWMD continue to provide copies to DFG of all annual reports, other monitoring reports, and other circulated materials relevant to the Project's effects on San Joaquin kit fox, Tipton kangaroo rat, giant kangaroo rat, San Joaquin antelope squirrel, blunt–nosed leopard lizard, and desert tortoise at the following address or at any substitute location that DFG may subsequently identify.

DEPARTMENT OF FISH AND GAME

Department of Fish and Game — Public Interest Notice For Publication April 21, 2006 CESA CONSISTENCY DETERMINATION FOR Laguna Interceptor Extension Project Sacramento County

The Department of Fish and Game ("Department") received a notice on April 11, 2006 that the Sacramento Regional County Sanitation District ("SRCSD") proposes to rely on consultations between federal agencies to carry out a project that may adversely affect species protected by the California Endangered Species Act ("CESA"). This project consists of the installation of wastewater conveyance infrastructure and related facilities in Sacramento County and completion of emergency tunneling operations between Laguna Creek and Fishhead Lake. The activities will result in temporary impacts to 1.92 acres of giant garter snake (*Thamnophis gigas*) habitat.

A no jeopardy federal biological opinion ("BO"; 1–1–03–F–0104) was issued to the U.S. Army Corps of

Engineers ("Corps") by the U.S. Fish and Wildlife Service ("Service") on January 21, 2005. Three amendments to the BO have been issued for the project regarding impacts to the federally and state threatened giant garter snake, September 16, 2005 (1–1–05–F–0259), November 9, 2005 (1–1–06–F–0006), and April 5, 2005 (1–1–06–F–0081). The amended BO authorizes work at Laguna Creek and Fishhead Lake and requires implementation of certain measures that will minimize and mitigate impacts to giant garter snake and its habitat.

Pursuant to California Fish and Game Code Section 2080.1, SRCSD is requesting a determination that the BO, as amended, is consistent with CESA. If the Department determines that the BO is consistent with CESA, SRCSD will not be required to obtain a separate permit under CESA (Fish and Game Code Section 2081(b)) for the proposed project.

PUBLIC UTILITIES COMMISSION

TITLE 20. PUBLIC UTILTIES AND ENERGY DIVISION 1 PUBLIC UTILITIES COMMISSION

NOTICE OF PROPOSED REGULATORY ACTION

— EXTENSION OF TIME FOR COMMENT

As noticed in California Regulatory Notice Register 2006, Volume No. 11–Z, pp. 331–332, the California Public Utilities Commission (Commission) proposes to amend the Rules of Practice and Procedure, contained in Article 19 of the Commission's Rules of Practice and Procedure, and set forth in Division 1, Chapter 1 of Title 20 of the California Code of Regulations. The proposed amended regulations will clarify, simplify and shorten the rules, and make them more accessible to practitioners before the Commission; repeal rules that have been rendered obsolete by changes in statute or practice; and enact substantive changes to implement statutory changes and changes in Commission practice, and to codify interim rules currently in effect under Commission resolutions or general orders.

Due to an inadvertent delay in publication of this notice in the Regulatory Notice Register, the time for submitting comments, which was previously set to close at 5:00 p.m. on April 24, 2006, is extended to 5:00 p.m. on May 1, 2006. All comments must be filed (by submitting an original and four copies) at the Commission's Docket Office by that time. Send one additional copy of comments to the following contact person:

DEPARTMENT OF FOOD AND AGRICULTURE Mediterranean Fruit Fly Interior Quarantine

In this filing, the Department of Food and Agriculture amended Section 3406(b) to expand the Mediterranean

fruit fly quarantine area in the Rancho Cucamonga area of San Bernardino County and a portion of Los Angeles County. The U.S. Department of Agriculture, California Department of Agriculture, and the agricultural commissioners of San Bernardino and Los Angeles counties jointly drew the new quarantine boundary for this amendment based on early November 2005 trap findings of egg—laden adult female flies, shortly after filing of the preceding emergency amendment to Section 3406(b) for the Rancho Cucamonga area (05–1014–03E). DFA filed an emergency action with OAL for this additional amendment on 11/17/05 (05–1117–03E), expanding the quarantine area to 126 square miles.

Help America Vote Act Statewide Voter Registration Database

The Help America Vote Act of 2002 (HAVA) in 42 U.S.C. 15483 requires each state with voter registration requirements for elections for federal office to implement, through the chief state elections official, a single, uniform, official, centralized interactive computerized statewide voter registration list by January 1, 2004. Pursuant to a waiver pursuant to 42 U.S.C. 15483(d)(1)(B), the statewide voter registration list requirements became effective for California on January 1, 2006. This filing is a readoption of an emergency regulatory action which adopted interim provisions implementing such a list in California beginning January 1, 2006.
